

## NEWS RELEASE

### **BLUE BEACON CAPITAL REPRESENTS SKYRIVER COMMUNICATIONS IN ITS ACQUISITION OF FIXED WIRELESS ASSETS OF NETHERE, INC.**

**San Diego, California – April 21, 2008** - Skyriver Communications announced today that it has completed the acquisition and integration of the fixed wireless assets of NetHere, Inc. Through the acquisition, Skyriver added a large number of business customers and expanded its network to include a substantial portion of Southern San Diego County. This acquisition serves to further solidify Skyriver's dominant position as the largest fixed wireless broadband carrier in Southern California with wireless coverage stretching from north of Los Angeles to the US-Mexico border.

Andy Taubman, NetHere's Chairman commented, "We are thrilled that we were able to get this transaction completed with Skyriver. In addition to operating our own fixed wireless network, we have been a reseller of Skyriver's fixed wireless services for a number of years. We know that they operate a high quality network. Equally important, we believe that they are honest, have integrity, and care about good service. In NetHere's future, we plan to continue success in our other areas of business and will continue to be a reseller of Skyriver's services."

"This acquisition represents a key component of Skyriver's growth strategy. We will continue to aggressively expand our fixed wireless infrastructure throughout California and beyond through a combination of organic deployments and additional acquisitions," stated Saeed Khorami, CEO of Skyriver. "We are honored to be servicing NetHere's fixed wireless customers and are confident that they will continue to enjoy the same high level of service from Skyriver that they have come to know and expect from NetHere."

With the acquisition, Skyriver will now offer its complete suite of high capacity last mile access services to areas of San Diego County along the US-Mexico border including Otay Mesa and San Ysidro. In describing the business opportunity in this area, Manny Fennessy, Skyriver's VP of Sales stated, "Business is flourishing along the US-Mexico border in San Diego. We see a tremendous opportunity to provide mission critical broadband and associated services to the businesses in this rapidly growing community."

Blue Beacon Capital, a leading investment bank serving companies in the telecommunications, media and technology industries, served as exclusive financial advisor to Skyriver in connection with this transaction.
